JACKSON, MO., DEC. 12, 1901.

This paper is on file at the office of the Chicago Inter-Ocean, 106-108-110 East Monroe street, Chicago, where our readers will be courteously greeted who may care to call upon The Inter-Ocean for a tour of inspection and sight-seeing through its magnificent building, in which can be found every mechanical and scientific improvement of the age in connection with the needs of a great newspaper. It is a rare treat to any one interested in the subject and should be taken advantage of.

Resolutions of respect and cards of thanks published in the HERALD at half rates. If you want them published free don't send them to us.

The fifty-seventh congress is now in session.

VANDIVER wants a fourth term in congress. Four terms are too many for any one man.

It makes no difference who brought Judge Fox, of Fredericktown, out for supreme judge. He will hold the Fort in this county.

The democrats have eleven candidates for the nomination of supreme judge of Missouri. Among them are Judge Fort and Judge Fox of southeast Missouri.

A FEW are yet in arrears for the Progress. We trust they will attend to this at once. We have waited patiently on them. Please favor us with a prompt response.—Progress.

We thought you always got cash in advance?

The Daily Republican last week had a great deal to say about "Bill's Dynamo." His remarks are of a circumlocutory nature, and as we were born and raised in Missouri we must be shown. Give Bill's other name and show us and we will be able to investigate the truth of your statements.

PRESIDENT ROOSEVELT is looking for leaders in Missouri that place party above self. He is on the right track, but we have many supposed party workers who are looking only for self. To prove it try to turn them down when they have a good position, and their party ardor wanes and in many cases they wish to ruin the fellow who succeed them.

Go to Work.

We hear a good deal of talk about good roads. Why don't someone start out with a petition to present to the county court for a good road from Jackson to Fruitland? Every time a farmer repairs his fence on that road he sets it out and throws the road more in the creek. A new road should be made up this creek. The old road should be condemned and a new road surveyed back from the creek so that a good road could be made. It can never be done on the old bed. The county court is putting a new bridge across Hubble creek on this road, therefore now is the time for those good road people to do something besides talk. They should go to work.

J. W. Bryan of Lowder, Ill., writes: "My little boy was very low with pneumonia. Unknown to the doctor we gave him Foley's Honey and Tar. The result was magical and puzzled the doctor, as it immediately stopped the racking cough and he quickly recovered." All dealers.

Attention, Tax-payers.

The undersigned collector of the revenue of Cape Girardeau county, Missouri, will meet the tax-payers of said county for the purpose of receiving the taxes for the year 1901, at the following times and places:

From December 3, 1901, to January 1, 1902, at my office in Jackson.

Notice is hereby given that all those who fail to pay at the times and places as above may expect to have their property seized, levied upon and sold for the payment of the same with costs. Back Tax Books will not be taken with me; those desiring to pay the same will find the books at my office in Jackson.

E. W. FLENTGE, Collector of Cape Girardeau County.

Foley's Honey and Tar cures colds, prevents pneumonia.

County Correspondence.

WHITEWATER.

Dec. 5.—As I have not seen anything from our little town I will give you a call.

Wheat is looking well considering the dry weather. Corn all gathered.

Bolt hauling is the go now.

We understand that Mr. Hoffman is going to move his stove factory from Snider's Mill to Whitewater. We wish Mr. Hoffman success.

We understand that our efficient school teacher, W. E. Andrews, is going to resign his school in Snider district and take charge of the school at Deray.

Frank Dunn, of Whitewater, lost a fine cow from feeding too many turnips. Quite a loss for Mr. Dunn.

We hear that Mr. Wilson Jones has quite a desire to take his gun and go a-hunting of late. Mr. H. Rhodes has succeeded in gaining his job.

Brother Blue John hurry up.

GRASSHOPPER.

GORDONVILLE.

Dec. 5.—Some one wants to know what became of the three-legged rooster that was taken to the institute at Jackson.

The turkey shoot came off all O. K., but Albert Poe's gun failed to draw a prize. How about it, Morley? They must have gotten behind a tree.

Dr. Breide, of the Cape, was here Sunday attending a sick horse for Conn Seimers.

Conrad Seimers shipped a nice lot of hogs last week.

Miss Bessie Hunt has been very sick.

Capt. Hunt and family spent Thanksgiving at the Cape with their daughter, Mrs. Grace Willeford.

Mr. Schmidt and lady made a flying visit to the Cape Saturday.

An amiable minstrel has promised to give Gordonville a visit soon. Come on, boys; anything for fun.

The dance at Seimers' hall was well attended, and like nearly all others, had the objectionable few who want to show how small they are. If they got what Corbett did a few nights ago they would not move like gentlemen, or stay at home.

Ed. Kerstner says he read in the HERALD that Gordonville was about to lose her painters. Ed. is all right. He reads the right paper. If a few more would like to read the HERALD we will take their subscription and see that they get the best paper published in Cape county, and purely first class republican, too.

CAL WIGGS.

MILLERVILLE.

December 9.—We have been living in darkness for several days. Have not seen the sun for a week, and our coal oil has absorbed so much water that we can't have light sufficient to do necessary work day or night.

But I reckon that accounts for our continued drouth. So much water is consumed in making good oil and whiskey.

Miss Torie Harp arrived home from Oregon ten days ago and was married to Jeff Howard on December 4.

Our school has been making a very satisfactory record and we are glad to state that the little episode which happened lately was not blamed to the teachers or their discipline.

Mrs. Frank Caldwell, who has been severely stricken with malaria or typhoid fever for more than four weeks, is reported some better.

J. B. Howard is now comfortably ensconced in his new residence which in point of style, construction and convenience is strictly up-to-date.

Dale Miller's new residence, in the south part of town, is nearly ready for occupancy.

Reckon the coal oil barons have struck another gusher and their tanks are over-flowing? Hope they will let her run till our cisterns and ponds fill up a little.

It takes Jeff Propst to catch a rabbit napping, but Aunt Sally Miller takes the cake on a 'possum hunt when they invaded her poultry roost. Her grandson, Dale Miller, was aroused from his slumbers at a late hour one night last week by an unusual noise about the wood yard, and on investigation found his grandma, 81 years old, finishing up a 'pos-

som with an axe, which she had caught in the act of carrying off one of her chickens seventy five yards away.

Who else has a grandma 80 years old, who can get up at 10 p. m., catch a 'possum, run a foot race and chop his head off with an axe.

A Rat
in the coffee bin—not a pleasant thought, yet when a coffee is kept open in bulk who knows what different "things" come climbing and floating in?

Lion Coffee
put up in sealed packages insures cleanliness, uniform quality, freshness and delicious flavor.

Franklin Called.

It is currently reported that Col. G. C. Thilenius will not consent to be a candidate for reelection to the office of representative. The colonel has made a record as a legislator and has won the commendation of the thinking people of the county regardless of party. The great mass of the voters of Cape Girardeau county will regret to see him quit public life, for they know his worth and his honesty and they have high confidence of his wisdom. But if it be true, as reported, that Col. Thilenius is determined to retire from politics, then it becomes the duty of the republican party to consider the choice of his successor. Our representative should be a true-blue republican. He should be a man who is awake to the atrocious misdeeds of the Missouri democracy in its management of state affairs for the past generation. A man who is not afraid to battle against the influence of democratic campaign boodle procured from corporations by state officials for legislative bribery, and he should be a man who is not only willing to fight corruption but is mentally able to cope with the opposition.

It is rumored that Dr. A. L. Franklin, of Dutchtown, expects to become a candidate for this office. Dr. Franklin has the necessary qualifications. He is a young, progressive, energetic professional man with the requisite courage and intelligence. If he should enter the race and should be nominated and elected this county might well feel that the interests of his constituents would be properly guarded.

HUBBLE TOWNSHIP.

Rabbit Hunt.

Adjourned to meet at the HERALD office on December 18.

WM. TAYLOR, President.

L. M. BEAN, Secretary.

Kinder & Schmuke have a very fine line of rugs for the holiday trade.

Julian Miller returned home from Fulton yesterday on account of the smallpox. He will return the first week in January.

The annual rabbit hunt will be on December 23.

A Most Liberal Offer.

All our former readers should take advantage of the unprecedented clubbing offer we this year make, which includes with this paper The Live Stock Indicator, its special Farmers' Institute Editions and The Poultry Farmer. These three publications are the best of their class and should be in every farm home. To them we add, for local, county and general news, our own paper, and make the price of the four for one year only \$1.00.
